SERIE 80dF

Technical data

REMEMBER

When purchasing a RAPIDO, the unladen weight includes the weight of the vehicle's standard equipment. The unladen weight of motorhomes is determined in compliance with the laws currently in force and includes the vehicle in working order, the driver (75 kg), the gas bottle, fresh water (20 L) and fuel tanks up to 90 % of their capacity with a tolerance of +/- 5 %. All of our vehicles are certified in accordance with Regulation 1230/2012.

It is therefore the responsibility of the user to adjust the load and the number of passengers on board according to the permissible GCW, the payload and the weight of any additional equipment he installed or has had installed in the vehicle.

PACKS (option)

SELECT PACK : Series C, 6F and 8F | SELECT + PACK : Serie 80dF

- Rear view camera with night vision
- DAB KENWOOD® multimedia system with 6.2" screen **(C, 6F, 8F)**
- DAB KENWOOD® multimedia system with 7" screen and APPLE CAR PLAY/ANDROID AUTO functions **(80dF)**
- Cruise control with speed limiter
- Special motorhome ESC with Anti Slip Regulation (ASR), Roll Over Mitigation (ROM) and Hill Holder
- Traction+ with Hill Descent Control **(80dF)**
- Electric de-frosting wing mirrors
- Height-adjustable cab seats
- Thermal flap blinds for cab doors and runner blinds for windscreen **(C, 6F)**
- Thermal sliding, dual-pleat windscreen blind: up/down (sunshade) and down/up (privacy screen) **(8F, 80dF)**
- Living area door with 2-point locking, fixed window **(C)**
- Living area door with 2-point locking, fixed window and inbuilt bin **(6F, 8F, 80dF)**
- Driver's door with 2-point locking **(8F, 80dF)**
- Living area door flyscreen
- 2nd remote key
- Second living-area battery **(C)**
- Automatic Duo Control gas inverter **(6F, 8F, 80dF)**

EXECUTIVE PACK : Serie DISTINCTION

- Rear view camera with night vision (Double view **on i10**)
- DAB KENWOOD® multimedia system with 7" screen and APPLE CAR PLAY/ANDROID AUTO functions
- IBS: display showing the remaining battery time left
- Driver's door with 2-point locking
- Memory foam mattress topper on permanent bed
- Leather steering wheel and gear knob
- KENWOOD® radio controls on steering wheel
- Radio remote control (on/off, volume and stations) from the bed
- Thermal sliding, dual-pleat windscreen blind: up/down (sunshade) and down/up (privacy screen) (electric **on i10**)
- Cruise control with speed limiter
- Special motorhome ESC with Anti Slip Regulation (ASR), Roll Over Mitigation (ROM) and Hill Holder
- Traction+ with Hill Descent Control
- Fog lights
- Stabilising jacks at the back or in the wheelbase
- Chrome-ringed instruments
- 2nd remote key

M PACK : Serie M

- MERCEDES MBUX 10,25" Multimedia system with GPS navigation and DAB technology
- Height- and angle-adjustable multi-function steering wheel
- Rear view camera with control screen built into the dashboard
- Semi-automatic TEMPMATIC cab air conditioning
- Leather steering wheel and gear knob (only leather steering wheel for automatic gearboxes)
- Fold-down lids on central and side coin trays
- Electric parking brake
- Fog lights
- Automatic headlights
- Stability system in the event of cross winds
- Keyless start
- Fuel filter and water separator
- Driver's door with 2-point locking
- Stylish extractor hood with touch control façade
- Thermal sliding, dual-pleat windscreen blind: up/down (sunshade) and down/up (privacy screen)

[B] The technically permissible towable mass of the motor vehicle is a piece of information associated with the type approval of the completed vehicle. Based on the towbar that will be mounted on the vehicle and specific values given by the manufacturer of the towbar and the tow ball, the maximum trailer mass that the vehicle can pull may be less. The characteristics of towbar and tow ball resistance (in particular values D and S) are engraved on a plate fixed on it. Value D allows to calculate the maximum permissible mass for the towbar (MPM) with the following calculation: $MPM = (D \times T \times 1000) / ((T \times 9,81) - (1000 \times D))$, with T = maximum vehicle mass (GVW) (in kg) and D = value (in kN) indicated on the towbar. The maximum trailer mass (in kg) is thus less than or equal to the MPM for a maximum towable mass of the vehicle that may be up to 2000 kg.
